EDUCATION

NAGPUR UNIVERSITY
COMPUTER SCIENCE BACHELORS

July 2023 - Present
Nagpur

EXPERIENCE

I don't have any experience, that's why I'm looking for an internship.

SKILLS

LIBRARIES/Frameworks

HTML, CSS, Javascript, React JS, Currently deepening my knowledge in backend technologies to become a full-stack developer

TOOLS / PLATFORMS

GitHub, Vs Code

DATABASES

MongoDB

PROJECTS / OPEN-SOURCE

FOOD ORDER APP | [LINK](#)

React Js

Food items are displayed as cards, showing an image, name, price, and dietary info (e.g., veg). Users can filter items by categories such as All Items, Breakfast, Lunch, Snacks, etc

WEATHER APP | [LINK](#)

React Js

The Weather App is a user-friendly, responsive application that provides real-time weather information for any city in the world. It uses data fetched from a public weather API

MUSIC APP | [LINK](#)

Javascript

This is a basic music player app that allows users to listen to a collection of 10 songs. Each song in the list comes with built-in Play and Pause controls, letting users enjoy their favorite tracks with ease. The user-friendly interface ensures smooth navigation between songs, and playback control is just a tap away. Whether you're chilling or on the go, this app brings your mini playlist to life!

BHAGVAT-GITA SLOKS AND VERSES | [LINK](#)

Javascript

Step into the timeless teachings of the Bhagavad Gita, the sacred conversation between Lord Krishna and Arjuna. This app brings you the complete scripture, beautifully organized and easy to explore.

CRICKCOUNT | [LINK](#)

Javascript

QuickCrick is a lightweight and user-friendly cricket scoring app designed for quick matches, casual games, or practice sessions. Whether you're playing in the backyard, gully, or local ground, this app helps you track every ball with ease.
